Letter of Reference for Dr Sandra Müller

Hereby I declare, that from 2011-2015 Dr Sandra Müller was working for the German Archaeological Institute, Department Cairo. Within the “Dahshur Project” and the “Documentation Project” in the magazines of Giza and Atfih she was responsible for:

2011 01.03.-31.3.: handdrawn documentation of the reliefs from the valley temple of the bent pyramid in the magazines of Dahshur

2011 01.10.-29.11.: handdrawn documentation of the pottery and small finds from the valley temple of the bent pyramid in the magazines of Dahshur

2011 30.11.-13.12.: editorial work for the manuscript: N. Alexanian “Die provinziellen Mastabagräber und Friedhöfe im Alten Reich”, for the publication in SAGA

2012 01.02.-31.03.: excavation Dahshur – documentation of the architecture from the lower causeway of the temple of the bent pyramid

2012 01.09.-30.09.: editorial work for the manuscript: N. Alexanian “Die provinziellen Mastabagräber und Friedhöfe im Alten Reich”, for the publication in SAGA

2013 01.02.-31.03.: direction of the documentation work in the magazines of Giza: inventory, documentation as well as organization/coordination of the work, postprocessing of fotos, archiving, continuation of the find database (artifacts from the valley temple of the bent pyramid at Dahshur)

2013 01.09.-30.09.: development, organization and preparation of the Archaeo-Training in Dahshur for inspectors of the Egyptian Supreme Council of Antiquities

2013 06.10.-02.11.: direction of the documentation work in the magazines of Giza: inventory, documentation as well as organization/coordination of the work, postprocessing of fotos, archiving, continuation of the find database (artifacts from the valley temple of the bent pyramid at Dahshur)

2013 24.10. + 31.10.: lectures at Helwan University Cairo (“Heritage Conservation and Site Management” Helwan University, Cairo and Brandenburg University, Cottbus) with the topics: “Excavation Techniques”, “Bones & Skeletons” and “Find Administration”

2014 03.02.-15.05.: archiving of old find documentations from Dahshur in the magazines of Dahshur and Giza, redrawing of reliefs from the valley temple of the bent pyramid at Dahshur, final check of the artefact documentation from the Giza magazines, organization and coordination of the artefact documentation in the magazine of Dahshur

2014 05.09.-31.10.: direction, organization, execution as well as post processing of the Archaeo-Training in Dahshur for inspectors of the Egyptian Supreme Council of Antiquities as well as shooting for the SciTech-documentation for ON-TV Egypt and OMAN-TV
<http://youtu.be/yr7KR7qbegk>

2015 01.02.-31.03.: field director of the excavation at Dahshur, with opening and closing of the excavation season and organization/coordination of the work and workmen

2015 01.04.-16.05.: direction of the documentation work in the magazines of Atfih: inventory, documentation as well as organization/coordination of the work, postprocessing of fotos, archiving
